## Case File Diary

Company: Federal Correctional Institute, McKean		Location: Rt 59 & Big Shanty Road Lewis Run, PA 16738	Number: 303712673
Date:	Action:	Initials:	
9/2/03	Steve H. called JHS about citations. only issue raised was reluctance of FCI to allow inmates to do the locking out and retaining custody of locks. He said he was at a meeting with other safety officers and someone sent him a letter from OSHA that he felt would let FCI retain current practice of FCI supervisors doing the locking out. I asked him to send me the letter and I would take it under consideration. When I rec'd letter from Steve I consulted with OSHA who was already aware of letter. OSHA had consulted w/ RO & NO and all agreed this was nothing to prohibit inmates acting as authorized employees & could apply/remove locks. Letter provided by Steve did not support his position, in fact the letter strongly implied that FCI policy was consistent w/ OSHA and cited 147 items.		
9/4/03	JHS spoke w/ Steve H. & discussed the above. Although he did not fully agree, he would accept OSHA position. This will require FCI to revise procedures & policies & retrain the inmates. They most likely will also need to procure combination lock w/ key override to deal w/ circumstances described in 7/10/00 interpretation. To accomplish this Steve & I agreed to extend abate. Dates for 1070 items to 11/30/03. Steve said all other cited items were abated or would be abated by dates specified in citation.

## Case File Diary

Company: Federal Correctional Institute, McKean		Location: Rt 59 & Big Shanty Road Lewis Run, PA 16738	Number: 303712673
Date:	Action:	Initials:	
9/26/03	Abate reviewed and updated in the NCR. Abatement entireties are still in place for 1-7a, 1-7b, and 1-9 (Loto issued). CSite needs to contact FCI safety manager about CIT 1-6, 1-19a, 2-1, 2-2, and 2-3. 1-19a instance has not certified. 1-6 says will install of did purchase serial LIT. 2-1 was another will. 2-2 and 2-3 did not satisfy abatement. Abatement for 1-15 provided by 1-16 and 1-17.	J	
9/26/03	Spoke w/ AD Stronach about <del>2-2</del> 2-2 & 2-3. Will call <del>FCI</del> FCI McKean next week.	Bm	
9/29/03	Discussed case w/ AD Burge. IN agreement w/ CSite's issued on FCI's abatement submission.	Bm	
9/29/03	called Stone Harbor. Left voice mail.	Bm	
9/29/03	TE/CON w/ Steve Houser, safety manager, FCI McKean. CSite discussed problem w/ abatement language for 1-6, 2-1, 2-2, 2-3. CS/HO also discussed 1-19a instance b, was left off the abatement cert form. Revised abatement cert form due by end of the week. See notes.	J

Date:	Action:	Initials:	
9/24/03	Bridal and parking are results of Telcom & Housler on Abate cont. problems.	Jme	
9/24/03	Revised Abate cont. letter Recd. White Revised and updated in the computer. Only 6 to Steve remain i.e. 1-7a, 1-7b, and 1-9.	Jme	
10/21/03	Telcom w/ Steve Housler. Steve contacted the CIO about LTR items 1-7a, 1-7b, and 1-9. Steve relayed that the LTR issue went all the way to FCI's Central office. Steve explained FCI mechanism would comply w/ the items cited by issuing the Prisoners Combo Pucks and Housler. Steve said that CIOs need to be aware that other LTR sites are not getting impacted full on. CIO explained the work commenced AD consult w/ the Regional office on the issue. As a side note, Steve relayed that the items noted in the 5(c)(1) LTR have been corrected w/ Housler relayed the Housler for the Prisoners Combo Pucks.	Jme
